## THE COMPANY

CBC AMERICA, is a wholly-owned subsidiary of the CBC Group and part of a global network of manufacturing, import, export, trading and distribution companies strategically located throughout the world. The CBC Group has 40 offices and manufacturing facilities globally.

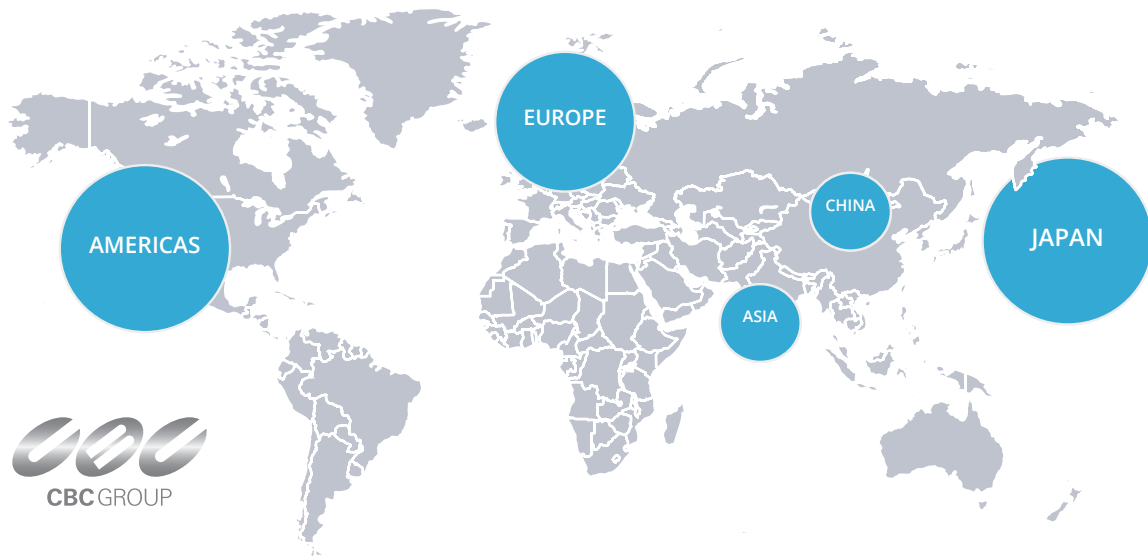

CBC is a global leader in providing safer, healthier, greener solutions through innovative technologies. Through our dedicated team, we strive to exceed our customer's unique expectations.

**CBC GROUP**

# GLOBAL NETWORK

CBC's global distribution network is essential to the business opportunities that the group provides for customers. When we establish a business, it becomes firmly rooted in the community it operates. Combining the advantages of being locally placed with our global networks, gives the CBC Group a tremendous edge over competitors. The energy from these networks connected with the strength we have as a hybrid manufacturing-trading company gives rise to endless possibilities.

**40** locations  
globally

**> 2700** employees  
globally

**almost 100** years  
founded in 1925

**> \$1B** sales  
annual

---

*Our global presence allows the advantage of partnering with a responsive, privately owned organization with resources and vision ahead of the curve. Our local perspective provides a team of knowledgeable professionals that genuinely understand your needs – like no other.*

---

## ■ CORE VALUES

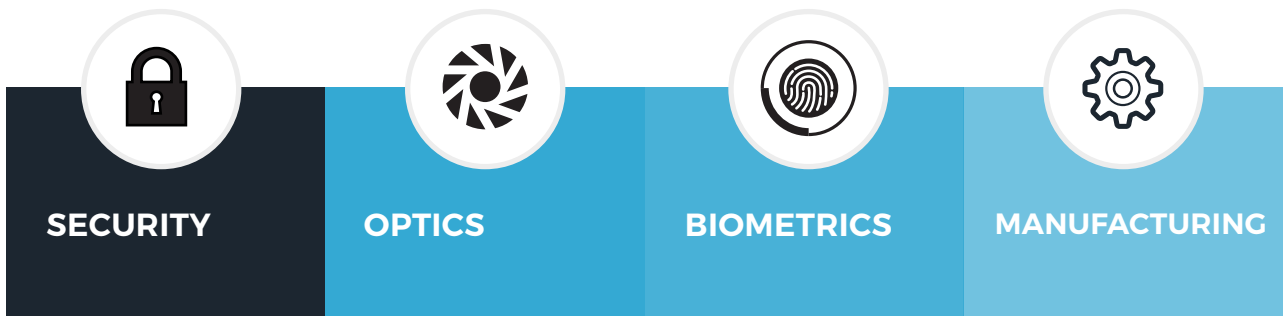

CBC's core values are evident in our culture and traditions. We have always operated with the highest ethics and with a culture of long-standing business partnerships, loyalty, and customer-oriented service. We believe in building meaningful long-term business relationships, and we understand the customer is and always has been the driving force behind the success of our organization.

## ■ LEADERSHIP

CBC AMERICA has created an environment that rewards excellence and we have been able to attract and retain the most capable people in the industry. The members of our executive and management teams have an average of more than 20 years' experience in the security and IT industries.

## ■ PRODUCTS IMAGING & INFORMATION TECHNOLOGY

We offer integrated system architecture across multiple market segments including surveillance & alarm management software, IP cameras, performance-driven optics, intelligent video analytics, biometric access systems, discreet enclosures, recording devices, enterprise-class servers as well as custom fabrication.

We've never lost sight of the fact that our products are only a part of the picture. It's the knowledge, backed by our team of customer service and technical professionals that complete that picture.

We understand that there are many choices out there, but when you take a closer look, you'll see why CBC is leading the industry—around the globe, and around the corner.

# CORE COMPETENCIES

CBC AMERICA takes great pride in our ability to provide customer-specific solutions that meet the exacting demands of our clients. The crucial point of differentiation between CBC and our competitors is our core competencies to engineer, model, prototype and deliver security solutions and optics to our customer's specifications. We are committed to providing innovation across all manufacturing and customization processes.

## DESIGN

We specialize in precision metal fabrication, custom design and assembly of electro-mechanical components.

## ENGINEER

Our customers look to us for responsive solutions requiring customization not available from mainstream suppliers. Our team can accommodate CAD-based custom design, metal fabrication, assembly prototyping & small production runs with quick turnaround.

## FABRICATE

We manufacture in a state-of-the-art, 140,000 square foot facility in Mebane, NC equipped with a fully diversified range of fabrication machinery to produce precision products in a variety of sizes and materials.

**Over 100,000 businesses and institutions globally have chosen CBC across many industries and continue to rely on us for our ultra-responsive service and support.**
